## WILSON WILL STAND PAT ON EVACUATION

**STATED THAT HE WILL NOT PROPOSE ARMISTICE TO ALLIES UNTIL CONQUERED LANDS ARE CLEAR.**

(Associated Press War Summary)

Washington, October 23.—Germany's new note to the President in official text was delivered to Secretary Lansing at 10 o'clock this morning by Frederick Oederlin, Charge de Affaires of the Swiss legation.

The statement was authorized that there is nothing in the communication to alter the decision of the President that he will not propose armistice to the allies before the Germans evacuate all occupied territory. Official intimation has already been given that the only question meriting immediate consideration is whether there shall be a discussion of evacuation terms while allied and American armies continue their work of clearing Belgium and France.

**New Attack by British.**

London, October 23.—The British began a new attack today on the front between Le Cateau and Solesmes, south of Valenciennes, Field Marshal Haig announces. The British have captured Bruay and have reached the west bank of the Scheldt river. Bruay is two and a half miles north of Valenciennes.

**Austria Gives Freedom to Poles.**

Amsterdam, October 23.—Austrian authorities in the part of Poland occupied by Austrian arms have formally handed over to the Polish authorities the administration of affairs, says a Vienna dispatch to the Vossische Zeitung of Berlin.

**Germans Resist Desperately.**

Paris, October 23.—On the Serre front last night the Germans met with heavy machine gun fire French efforts to cross the Souche and Serre rivers, the war office announces. Farther east the French made progress between Nizy Le Comte and Le Thour, taking prisoners.

## PRINCE MAX WARNS ALLIES

**CHANCELLOR SAYS IF PEACE OFFER IS SPURNED, GERMANY WILL FIGHT TO THE LAST.**

(By the Associated Press)  
Copenhagen, Oct. 23.—Announcement was made in the Reichstag by the Imperial Chancellor, Prince Maximilian of a bill making the Reichstag responsible for war and peace, the measure to become effective when the project for a league of nations should become operative.

The Chancellor, speaking before the Reichstag yesterday, declared the peace conversations between Berlin and Washington have reached a critical stage. He declared, however, that the German people must not be led blindly to the peace table and urged Germany to prepare itself for any eventuality. If the enemy shows himself anxious for war in the next reply Germany must assume an attitude of defense with all the strength of a people driven to the last extremity, Maximilian declared.

## OLD EPIDEMIC STILL RAGING

The city of Ada is sorely assailed by a chronic disease. It is of such a nature as to be an epidemic. It is not new, however, by any means. This loathsome malady has stalked abroad from the time when the memory of man runneth not to the contrary. It is filthy, it is vile. Yet many perfectly decent people suffer from it constantly. The afflicted should be quarantined, but they are not. They are allowed to pursue their ways as do the few who are not yet stricken.

This fearful disease exists in offices, in banks, on sidewalks and in (more's the shame) private homes. Its results are seen wherever one looks. The critical—even the semi-critical—can easily determine whether a store, an office or any other place has been invaded by the afflicted. The surest sign of the presence of a sufferer is the dark brown or terra cotta splotches seen on floors, walls, halls or stairways. The disease is simply terrible and each year demands an awful toll of human life. It is a co-partner of influenza, a brother to tuberculosis and the child of civic slovenliness. It is SPITITIS.

## EMERGENCY HOSPITAL IS WELL MANAGED

After spending a night at the emergency hospital in the capacity of volunteer nurse, the News reporter is more impressed than ever with the noble and unselfish work being done there by a handful of volunteers, both men and women. The burden has been heavy because volunteers have not been numerous, thus putting the load on the shoulders of a willing few, some of whom have been almost constantly on duty. The help at hand is competent and the patients are getting good attention, but still more help should be available. It goes without saying that the work must be done by somebody and it is not fair to the few faithful ones who have stayed with it.

The News reporter could see no ground for criticism of any part of the management. It is well organized and effective work is being done. A number of the patients are re-

## MAYOR CONGER ISSUES SPITTING WARNING

The attention of all concerned is called to the fact that spitting on sidewalks, stairways, walls and other public places is not only an offense against the city ordinance, but is also a violation of the state statute. This practice is highly obnoxious at all times, and in an epidemic period, especially, is highly dangerous. This is to warn the public that this ordinance will be rigidly enforced. The practice must be stopped.—W. E. Conger, Mayor.

covering and had this been a fair day some would have been discharged. The night passed quietly and most of the patients rested very well. The public is still responding well to the call for donations of various kinds.

## A SUMMARY OF DAY'S WAR NEWS

ALLIED DRIVE CONTINUES WITH UNABATED FORCE. IMPORTANT POINTS MENACED.

(By the Associated Press)  
British troops are again storming German defenses west of Maubeuge. The new attack, begun this morning, between Solesmes and Le Cateau, is reported to be making good progress. The British are on high ground in this region making the starting point of attack very favorable to the British. German resistance here has been bitter as the line is vital to the security of German defenses over a wide front south and southeast.

Driving forward on a seven mile front north of Le Cateau, the British are also increasing the menace to Valenciennes, through western suburbs of which they are fighting. Once the Scheldt river is crossed here the British will threaten seriously both Mons and Maubeuge.

In southwestern Belgium the British continue to close in on Tournai, while on the south they have reached the western bank of the Scheldt on a four mile front, south of Le Cateau the Germans are resisting stubbornly French attempts to cross the Serre river and take in rear enemy positions east of the Oise river.

**TWO CHILDREN OF J. A. MANLEY AND WIFE DEAD**  
Only two deaths are reported during the past twenty-four hours. These were children of J. A. Manley and wife.

Neldred, aged two months, died Tuesday afternoon, and Ted, aged 3 years, died during the night.

## A NERVOUS WRECK

From Three Years' Suffering. Says:  
Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

Germany seems to be about as successful in reaching peace as she was in reaching Paris in 1914.

A cold wave is expected to arrive in Oklahoma today or tomorrow. It is to be hoped the cool weather, following the heavy rains, will stop the spread of influenza.

Wheat and pastures are expected to be greatly benefited by the rains yesterday and today. Cotton growers say the cotton crop is about harvested and little more can be expected.

It should be lost sight of that what Germany asked of Wilson was that he use his influence with the other allied nations to bring about an armistice and then arrange for a peace conference. The matter is not altogether in Wilson's hands by any means, although his word will carry great weight with all.

William Hohenzollern tries to follow the teachings of Frederick the Great and he succeeds in so far as he is a breaker of agreements and otherwise a dishonest and unscrupulous ruler. Frederick the Great was considered great because he ruled at a time when might made right and the weak were mercilessly trampled under the foot of the strong. The world has changed, but German people and the German government have not.

There seems to be a misunderstanding of the part President Wilson is to play in bringing about an armistice. President Wilson has no jurisdiction over the details of an armistice, for he himself says this is a military matter to be taken care of by the military chiefs. Since this is true and since the details of an

Phone 171

105 East Main

armistice will determine the extent of Germany's surrender, we cannot see why there is any need for further parley between Washington and Berlin. The thing should be referred at once to Ludendorff or Hindenburg which ever is in control at this time, and General Foch. All other talk is aside the question and should not be indulged in further. Wilson, in our opinion, should say what he expects the Germans to do and announce that all future communications should be addressed to the military leaders.

One of the bright pages of the history of Ada was written when the citizens responded to the appeal for help and established the Emergency Hospital to take care of the helpless inflicted with influenza. We wish it were so we could give credit to all those to whom credit is due. On account of the many who have helped either personally or through donations of time, money, food or clothing, it would be folly to attempt to enumerate them. It is a community accomplishment. One of the noblest traits for any community to show is the willingness and the ability to take care of the citizens in time of sickness and distress. Ada has done nobly so far and will do nobly to the end.

This is one election year in the political history of Oklahoma without a campaign. First the Liberty Loan campaign came on and the political campaign was postponed for it, and now comes the influenza epidemic and makes an old fashioned campaign an impossibility. However Democratic voters should be impressed with the necessity of turning out in full force and stamping their approval of Wilson's administration by electing the entire ticket.

That the campaign of the Council of Defense in cleaning up Ada is having a good effect no one familiar with the conditions will question. The city is becoming a model for other cities to follow. Now that we are getting it cleaned up, all of us should determine that it will stay cleaned up.

When the lost legion of American soldiers were asked to surrender to the Germans a few days ago, it is reported they told the Germans to go to h—l. President Wilson is now in position to tell them to go to General Foch or to the warmer regions as they prefer.

In Every Time of Stress, and difficulty for over ninety years The Youth's Companion has stood by the family. It has cheered and encouraged and entertained—delighting all, informing all, and making home life and loyal sentiment the ideal of all. For 1919 the publishers intend to make the paper worth more to family life than ever before. The splendid Serials alone are events in next year's reading in the family life. Hundreds of Short Stories and Articles by great contributors, and a steady stream of helpfulness in everything from the solid and serious to the happy humor for which The Companion is famed. In these days the whole family needs The Companion, and it is still only \$2.00 a year for 52 splendid issues.

Don't miss Grace Richmond's great serial, Anne Exeter, 10 chapters, beginning December 12.

The following special offer is made to new subscribers.

1. The Youth's Companion—52 issues for 1919.
  2. All the remaining weekly issues of 1918.
  3. The Companion Home Calendar for 1919.
  4. All the above for only \$2.00 or you may include McCall's Magazine—12 fashion numbers. All for only \$2.50. The two magazines may be sent to separate addresses if desired.

## PUNY, WEAK BOY

Made Strong and Well by Vinol. Why It Is Best for Children.

Williamson, W. Va.—My little boy was weak puny and tired all the time, did not want to do anything. Vinol was recommended and it has built up his strength and made him healthy."—Harley Clay, Williamson, W. Va.

The reason Vinol was so successful in this case, is because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weakened, run-down system make rich, red blood and create strength.—Gwin & Mays Drug Co., and Druggists everywhere.

P. S.—For itching, burning skin try Saxol Salve. Money back if it fails.

## FARMING PROGRAM IS REAFFIRMED

Oklahoma City, Okla., Oct. 23.—(Special)—The opinion of Oklahoma Agricultural experts do not coincide with the views of the federal government as indicated in advance information which indicates that quotas for states and counties in the matter of food production will be asked by the United States Department of Agriculture. The program set forth by the Oklahoma State Council of Defense last spring was reaffirmed for the government of next year's crops.

At a meeting of district agents of the extension department other federal and state agricultural officers and editors of farm journals held in Oklahoma City on Saturday, October 19, it was declared to "be the sense of the meeting that climatic and economic conditions in Oklahoma

# SHINOLA

ma do not favor the assignment by government agencies of any specific agricultural or livestock quotas for Oklahoma.

It was also resolved that the law be revitalized requiring county assessors to take crop statistics each year.

Without a dissenting voice the agricultural program initiated by the state council of defense last spring was reaffirmed. The essential features of this program follows:

"Not more than one half the cultivated land on any farm should be planted to cotton.

"Supplemental to this recommendation and of equal importance with it, are the following recommendations:

"There should be a garden on every farm sufficient to supply home

needs, consisting chiefly of products which can be stored in their natural state or canned for winter use.

"There should be planted on every farm not less than one acre of cane or sudan grass for each head of horses and cattle on the farm.

"Corn should be planted only on land where corn produced a crop last year; other land being planted to oats, barley, kafir, milo, or feterita for grain for feed and peanuts for food, feed and sale.

"Every effort should be made to increase poultry production and to produce on every farm a sufficient supply of dairy products and of pork for home consumption."

## UNION OF MID-EUROPEAN RACES BEGINS ACTIVITY

Washington, D. C., Oct. 23.—There is a new committee in Washington, which has a program that is one of the deepest and most responsible that has been undertaken by any group of men since the beginning of the war. It is called the Democratic Mid-European Union and it has just opened the doors of its new headquarters in the McLachlen building at 10th and G streets. Its president is Dr. Thomas G. Masaryk, who is also president of the Czechoslovak National Council. Its executive director is Herbert Adolphus Miller, formerly professor of sociology in Oberlin College and for many years a close student of the races of middle Europe.

Briefly, the purpose of the Democratic Mid-European Union is to effect a unity of effort among the oppressed nations of Central Europe, to smooth out and adjust their differences; and to provide a common council chamber where their representatives may meet together and discuss their problems from time to time.

### Seven Groups Represented.

There are seven groups already represented in the Union, the Poles, the Czechoslovaks, the Rumanians, the Yugoslavs, the Lithuanians, the Ukrainians, and the Italian Irredentists. Other nations will be admitted later, if they seek representation; Letts, Finns, Estonians, Albanians, Unredeemed Greeks, and others. Even the Bulgarians, if they show a thorough change of heart and a desire to subscribe to the aims of the federation, will not find the way barred to them.

To begin with, the new organization will hold meetings every other Wednesday. Special sessions will be called whenever important questions of the moment seem to demand them. The men who sit about the council table will be accredited representatives of the different official national committees and council which have been formed by these people since the beginning of the war. Each group will have one vote. The expenses of the committee will be met by all of them, each nationality contributing a fraction proportionate to the numbers of its population. At present, about 65,000,000 people will be informally represented by the delegates at the bi-weekly meetings.

### Union of Recent Formation.

The idea of this important federation has been in the minds of some of its members for a very long time. But active steps to form it were only taken about three weeks ago, at a meeting in the Biltmore Hotel, in New York. On that occasion, Prof. Masaryk presided at a little gathering of interested persons, and definite arrangements were made to carry the project to Washington and seek the co-operation of agencies of the government. There followed a number of short conferences and meetings at the national capital, and an impressive audience at the White House, with President Wilson. As a result, the organization was perfected and quarters were found to house the office and routine part of its activities.

There is a large council room in which the regular gatherings of the committee will take place. Already a number of interested persons have found their way into Director Miller's office and some have volunteered their services in aid of the work. Within a short time, the headquarters will be a very busy place, and the deliberations which take place may be expected to be a profound world importance.

## VILLA BREAKS OUT AGAIN IN CHIHUAHUA

(By the Associated Press)

Chihuahua City, Mex., Oct. 23.—Francisco Villa and his band again have been on the warpath and have left a trail of death, destruction and desolation in their wake. With the departure of General Francisco Murguia, the northeastern zone commander, for Mexico City, Villa resumed his guerrilla warfare on the towns and small settlements in Chihuahua state. Making a feint on Chihuahua City to draw in federal troops from outlying garrisons he then dashed at Parral, was driven off and attacked Jimenez junction.

He held Jimenez for 12 hours during which his men looted stores, killed soldiers and civilians, poisoned one family and hanged another including an eight year old girl. Driven out by General Joaquin Amaro, the Durango Indian, with his cavalry, Villa attacked Jimenez the second time. Before he could re-enter the plaza General Murguia arrived from the south with reinforcements and drove Villa into the hills.

One of Villa's typical tricks was executed against a federal force garrisoning Parral. The garrison commander received a letter written on official government stationery and signed with the name of General Pedro Favela ordering him to proceed to Parral to form a junction with Favela's force in pursuit of Villa. A signal fire on the pillar of the Conchos river was to be the signal for the junction of the two forces. The federals marched to the appointed place, the signal fire appeared on the limestone pillar and the advance guards or flankers. They were ambushed and almost annihilated.

Villa had written the letter on captured federal stationery, had copied Favela's signature from an old order taken from a prisoner and had set the trap for the government force.

Does Uncle Sam still hold the note you signed on June 28th? If so, buy your war savings stamps and cancel the note.

## COUGHING SPELLS BREAK YOUR REST

## The Spirit of the Dance

### The NEW EDISON

"The Phonograph with a Soul"

You can RECREATE her now, or anytime; call her forth for your pleasure in any form you will. She is happy, she is sad; dainty, sweet and pure; gaily fantastic, or a wild daughter of the desert wilderness. She is all things to all people; she is the Spirit of the Dance.

For your pleasure we will gladly bring forth from  
The New Edison the spirit of the dance.

Phonograph Shop  
7 Columbia Cassette Records

C. P. PENROSE, Manager  
The City's Music Center  
Opposite Shaw's Department Store  
127 East Main Street

Who is there who has not felt the presence of the Spirit of the Dance? A dainty, elfin creature of infinite moods and fancies, she hides amid the harmonies of the world's finest music.

In the Brahms Hungarian Dances she is an erotic, heedless child of the gypsies. In the ballets of the great operas she lurks, a winsome, dainty creature of white. Carmen felt her inspiration; Romeo met Juliet under the spell of her charm; Pierrot and Pierrette knew her all too well, for she is mistress of the Carnival.

And you, as you plod along the highways and byways of life, would you feel her presence, her inspiration? She dwells in all her shapes, waiting to be awakened into life, in the heart of

## ROFF SUFFERS FROM EPIDEMIC

INFLUENZA STRIKES NEIGHBOR TOWN. TWO DEATHS; MORE EXPECTED.

The epidemic of influenza has taken its grip on Roff. Two deaths occurred last night and several others are in a dying condition. It was reported this morning by telephone that there were over fifty cases in that little city.

The good people of Roff have rallied and concerted action has been taken to arrest the epidemic in its early stages. Their high school building is being used for a public hospital.

## JOE THOMPSON TO BE ARMY CAPTAIN SOON

Oklahoma City, Oct. 23.—Representative Joseph B. Thompson is being physically examined in Oklahoma City by army doctors and if he passes the examination will be commissioned as a captain and sent immediately to France. Mr. Thompson arrived in the city last night and expects to leave tonight for a short visit to his home at Pauls Valley before returning to Washington.

When Mr. Thompson returned from his visit to France recently he offered his service to the war department and was told he would be called upon soon. It is not known to what branch of the service Mr. Thompson will be assigned.

## INFLUENZA EXIDEMIC IS ON THE DECLINE

No deaths had been reported in Ada today at noon. Reports indicate that the influenza is spreading very slowly, and victims of the disease are recovering faster than others take it.

The Faust hospital now holds 32 patients with the disease, 28 of whom are boys from the Student Army Training Corps. Four more patients were to come in today, making 36 in all. All of these are doing well.

The Emergency Hospital is taking care of 84 patients all of whom are in little danger of developing pneumonia. Several of the patients are recovering rapidly and are expected to be out in a few days.

## HOW STRANGE THINGS SOME-TIMES HAPPEN

"I want to write you to let you know that I have taken 2 more doses of Mayr's Wonderful Remedy, and have gained 10 lbs. in the last 2 weeks, although I am thinner around the waist than before, because the bloating in my stomach has all gone and I am feeling like a boy again. There never was anything in this world half as good as this medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Gwin & Mays Drug Co., and Druggists everywhere.

From John Bailey.

Dear Friends:  
If the editor will give me space I will proceed to tell some of the things that have happened at Camp Logan.

All the Oklahoma boys have been assigned to companies. I have been assigned to the Machine Gun Co., which is known to the boys as the "undertaker's squad." There is only two of us Ada boys left together, Walter Winters and myself.

Frank Colbert, my "buddy" I think was assigned to the field bakery. Some were assigned to the medical corps or base hospital. I have just finished a twelve day holiday at the base hospital. The influenza, or "flu" broke out among the boys and several hundred went to the base. The base hospital is about as large as the town of Francis, i. e., it covers as much ground.

Chas. H. Auten was sent to the horseshoeing school. We are all out of quarantine and can now go to town. There are only four divisions located here now, the 43rd, 57th, 79th and 80th.

All the boys seem to enjoy camp life very well. We have been rather busy "fixin' up" winter quarters. Since we were assigned to companies we get still better eats which is the best that can be had. Potatoes are one thing that are never absent. If there wasn't any "taters" there wouldn't be any army. One thing about the army: we get 100 per cent pure wheat bread, which I don't think many civilians can say.

The Fourth Liberty Loan began here the 30th. Harris county's quota was six million which was over subscribed by a large number. The soldiers took a good part in the loan.

Best wishes to the News and Pontotoc County.—Pvt. John Bailey, M. G. Co., 80th Inf., Camp Logan, Tex.

## "SQUARE DEAL" CLUB STOPS PROFITEERING

San Antonio, Tex., Oct. 23.—Profiteering among the thousands of soldiers at this concentration point has been halted by organization of the Square Deal Association composed of business men and military of-

ficers, which fixes prices for soldiers on necessities.

When San Antonio began filling with soldiers two years ago, they cry went up that exorbitant prices were being asked by restaurants, hotels, rooming houses and clothiers.

To offset these conditions, leading merchants called meetings and finally organized the association. The price-fixing board is composed of representative merchants and army officers, and in almost every instance so far the prices have been established in accordance with the wishes of

the military members of the committee.

Fixing of prices that could be charged by hotels and rooming houses, which were carefully classified, was the first work of the committee. Then restaurant prices were regulated and later the prices charged by lesser industries were investigated.

Now it is announced moving picture theaters will reduce their prices, the 25 cent tickets to be sold to soldiers for 15 cents, and the 30 cent tickets for 20 cents.

## CLASSIFIED WANT ADS

DEAR KATE.

I note from yours received today. You're having quite a time. To get a servant down your way—Up here it's quite sublime.

When'er we need a cook or maid, We just insert an AD. And soon our troubles are allayed. The best is to be had.

These small WANT ADS are surely great;

They get results so quick, No servant-worries here, dear Kate, Come up and get your pick.

Yours,  
MARY.

### DEPENDS OF MISSING MEN RECEIVE ALLOTMENTS

The Bureau of War Risk Insurance has given notice that the dependents of soldiers reported "missing in action" will continue to receive allotments and allowances. As a matter of course, government insurance is not paid until the soldier protected by the policy is certified as dead. The chances are that a soldier reported missing is in a prison camp, in any case, he retains his rights as an American soldier; and his dependents receive the same protection.

There are many things we can do to help our country. Don't fail to invest your savings in War Savings Stamps.

## NOT TOO LATE TO SOW WHEAT

While the wheat crop in this county is probably twice as large as last year, and perhaps the largest in the history of the country, yet there is more land that should be put to wheat and there is yet time to sow.

Cotton stalk land where the cotton has been gathered is likely to be in ideal condition for wheat. Wheat must have a well firmed seed bed to bring the best results, and cotton land that was plowed up to August is now in prime condition. Take the drill and run cross the rows to put the wheat in even depths so that a perfect stand may be secured. This cross drilling also, has a tendency to level the land so the harvest will be easier. The stalks can be left in the field till spring and then can either be harrowed down or if too large they can be cut with a mower. A good harrowing in the spring generally increases the crop yield from one to three bushels. The yield is not likely to be as large now as if the wheat had been sown a month ago, but in the face of such scarcity of farm labor I think that it will certainly pay to try wheat even this late. Much of the land will pay better in wheat, anyway, than it would in either corn or cotton with such poor chances of getting it cultivated. The farmers don't yet seem to realize that several hundred men have been taken from this country and most of them from the farms, and yet the farmers are not making the proper arrangements to meet the loss of labor. There once were a few loafers around the towns that could be secured for a few days, but now the loafers are gone. It is an easy matter to get the business men in the towns to close their shops for a few days to help the farmers through the harvest. Don't fail to sow more wheat.

N. T. McALISTER.

Agriculturist Frisco & M. K. & T. Ry.

## CLAIMS AGAINST STATE BANK GUARANTY FUND

Oklahoma City, Ok., Oct. 23.—Warrants outstanding against the bank guaranty fund are lower in aggregate amount now than ever before since the operation of the guaranty law, as shown by the quarterly report on the condition of the fund, issued today by the State Banking Department. Total claims against the fund now are \$137,554. At one time, about three years ago, claims amounted to approximately \$900,000.

On June 30, last, there was a cash balance on hand of \$21,659. Since that time \$31,925 has been collected on general assessments and on assets of failed banks. The total warrant indebtedness as of June 30 was \$143,526, and since that time warrants to the amount of \$31,054 have been paid, leaving the balance of \$137,554.

**BIG CANNON WHICH BOMBARDED DUNKIRK CAPTURED BY ALLIES**  
London, Oct. 23.—Allied forces which have swept the Germans out of Belgium Flanders captured the big fifteen-inch cannon with which the Germans have been bombarding Dunkirk during the last year. The gun was undamaged, according to an official statement issued at the war office. The statement adds:

"In their hurried retreat before the Belgian Army the Germans were forced to abandon all their coast defense guns, of which a number were intact."

"French detachments which crossed the Lys have repulsed violent enemy counter-attacks and succeeded in proving their bridgeheads east of the river."

## ROOM FOR FIVE

Pres. Gordon states that the final date of induction into the S. A. T. C. of the East Central normal has been extended to October 30. The unit now contains 95 men and will be held down to 100, hence those who have an idea of entering should lose no time about it.

MORE IN S. A. T. C.

## HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

## GERMANS GRAFT TOMATO ON POTATO PLANT

(By the Associated Press)

New York, Oct. 23.—A tomato-potato is the latest "wonder" of German horticulture according to German newspapers received here. According to their accounts, tomatoes and potatoes have been raised on one plant. On a strong branch of a potato plant was grafted a shoot of a tomato plant. After a process of hardening which required one month the grafted plant was set out in the open. The two branches then thrived as one.

From sixteen such plants it is stated 42 pounds of tomatoes and 25 pounds of potatoes were gathered. The plants require only a rich loose warm soil, much sunshine and ordinary care. German papers say the achievement is not astonishing as the tomato and the potato belong to the same plant species, that of solanum.

## REQUEST FOR EX-MINERS TO RETURN TO MINING

(By the Associated Press)

Washington, Oct. 23.—Names, addresses and present occupations of thousands of coal miners engaged in other forms of industry, who have abandoned their own trade since the beginning of the war, have been obtained by the United States Employment Service as a result of an appeal to officials of local unions of the mine workers. An effort will be made through general appeals and personal solicitation, to induce these men to return to the mines where they are urgently needed as war workers.

## NOBODY SPARED

Kidney Troubles Attack Ada Men and Women, Old and Young.

Kidney ills seize young and old. Often come with little warning. Children suffer in their early years.

Can't control the kidney secretions. Girls are languid, nervous, suffer pain.

Women worry, can't do daily work. Men have lame and aching backs. If you have any form of kidney ills You must reach the cause—the kidneys.

Doan's Kidney Pills are for weak kidneys—

Have brought relief to Ada people. Ada testimony proves it.

Mrs. W. H. Murdock, 130 E. Tenth St., Ada, says: "I gave Doan's Kidney Pills to my eleven year old girl who was troubled with kidney weakness. The kidney secretions would often pass involuntarily and then again with difficulty. Doan's Kidney Pills gave her great relief."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Murdock had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## LONDON'S "LUXURY LAUNDRY" PROBABLY BE CUT OUT

(By the Associated Press)

London, Oct. 23.—Suggestions that an embargo be placed on "luxury laundry" in London has been the subject of considerable comment in the newspapers here. The statement that laundries are flooded with large quantities of dainty lingerie and other fancy clothing by women war workers has been denied by laundriesmen.

## ENGLISH BOYS ASPIRE TO ENTER SERVICE EARLY

(By the Associated Press)

London, Oct. 23.—Popularity of the Royal Air Force is emphasized at the recruiting office here. The military age minimum is seventeen years and ten months. So many youths under that age have attempted to join that it has become necessary to require birth certificates with each application.

## THE CHEERFUL CHERUB

I got battered up by an automobile That cut an unusual caper

And such an important sensation I had When they published my name in the paper!

WEATHER REPORT.

The weather man regards the probabilities for Thursday as fair.

# ON THE FUNNY SIDE

## He Hadn't a Bill.

Smith was returning from the office one afternoon to do a little planting turn in his war garden when his little five-year-old daughter ran down the walk to meet him.

"Oh, papa," she exclaimed, seizing his hand, "a man was just here to see you, but he couldn't wait."

"Is that so?" smiled the fond father. "Did he have a bill?"

"Oh, no, papa," answered the little girl. "He just had a plain nose."

## It Didn't Work.

Little Ethel had put her stocking on wrong side out. "Now you must make a wish and it will come true," said her mother.

Some time later she came to her mother. "There's nothing to it, mother."

"Nothing to what?"

"Why, you said to make a wish after I had put my stocking on wrong side out. I wished I hadn't done it. But I can't see any difference yet."

## Unfavorably.

"What were those lady jurors whispering about?" asked the judge somewhat peevishly of the court bailiff.

"Nothing, sir."

"But they were. What was it?"

"Well, your honor, they were commenting on the hang of your gown."

## Effort That Availed.

"So at last you have made literature profitable."

"Yes," replied Mr. Penwiggie. "I never sold many compositions. But I kept plugging away copying my own stuff till now I can command first-rate compensation as a typist."

## The Morning After.

Wife—Do you think it good taste for you to stay out to the hour you did last night?

Hub—If you refer, my dear, to this dark brown taste in my mouth, I confess that it's anything but good.

## GENERALLY.

The Professor—Running for office is a good thing.

The Politician—Not always; but the man who runs is a good thing.

## Swamped.

"Triplets," the nurse said, grinning after the manner of such. And Newpup, his poor head spinning. Cried: "Oh, this is two too much!"

## Their Kind.

"So Jones' riches took to themselves wings."

"Yes; he backed two or three unlucky theatrical enterprises."

"Oh, I see. They were theater wings."

## Only One Way.

Doctor—You must be careful and follow the right directions for taking this pill.

Small Invalid—G'wan wid yer. There's only wan direction fer it to go.—London Answers.

## Sharp Retort.

He—Did you know the mails are allowed to carry soft soap?

She—I did not know the capacity of males for soft soap had ever been questioned.

## Professional Advice.

"And what did the doctor say about yer eyes, Pat?"

"Bedad, he said it's such a condition they're in O'll have to kape off thim fer a week."

## Food for Thought.

Mr. Matter—You ought to see the play I was telling you about. It certainly made me think.

Miss Mind—One of those miracle plays, I suppose?

## A Good Idea.

Dobbs—My landlord ordered me out because I can't pay my rent.

Hobbs—Glad I met you. So has mine. Let's change quarters.

## Warner's Rust-Proof Corsets

Are models that make figures look well; and our claim is that the wearer of a WARNER'S is as comfortable as her figure is good-looking.
